You should be fine; use the 01 code and terminate him per the failure to meet the conditions outlined in the May 13th letter.

We can. We were just worried that we would be caught on a technicality by not doing the 10 day quit process.

I remember we granted the pay for the gap, then we sent the notice to report letter May 13th as you indicate below. I attached the letter that I reviewed and provided input on last time (dates changed obviously). Why wouldn't we just terminate?

Please review the attached proposed letter to send to Arthur Mullins. He did not accept delivery of the letter we sent to him May 13, 2018. We would like this to be the "10 Day Quit Notice" that is sent to him. Our proposal is to send via registered mail and via Fed Ex.

Thanks,
Ashlie
